A BSI Business Improvement workshop

▶▶ UNLOCK THE FULL POTENTIAL OF YOUR BUSINESS

Many companies don't realise their full potential, even after significant investment has been made in improvement initiatives.

If you think you may be one of them, why not register today for our workshop, designed to help you to get the most from your business? It's completely FREE, and you'll learn from the experiences of others who have faced similar challenges.

FREE half day event: 1:30pm start – 4:00pm finish

10th June – London, Hilton London Metropole, W2 1JU

7th October – Cardiff, Millennium Stadium, CF10 1NS

11th November – Edinburgh, Sheraton Grand Hotel, EH3 9SR

▶▶ HOW WILL YOU BENEFIT FROM THE WORKSHOP?

**What should/could the future look like for your business?
What processes in your business could be improved or replaced?
How and why do businesses link cost-reduction initiatives with core business objectives? What new skills and processes could add value to your business? How do you create a plan that will take your business forward?**

These are just a few of the questions you'll have the chance to explore with others who face the same issues – and some who have solved them!

Are these sessions right for you?

If you answer 'no' to most or all of the questions below, then we're confident you'll benefit from attending. And if you answer 'yes' to many of them – why not join us and share your experiences.

- Do you know if your business is cutting costs year on year?
- Is your business increasing its effectiveness year on year?
- Are your investments in improvement paying real dividends?
- Do your improvement initiatives link directly with your business objectives?
- Are you effectively deploying improvement throughout the business?
- Do your processes need repairing? If so, are you repairing them?
